# An Air of Distinction

Have you ever noticed how distinguished you feel when you have on fine, sharply, well-made clothes?

There's a certain tone about good clothes that you feel the minute you put them on and that's what you'll find in our Suits and Overcoats at

\$12, \$15, \$18 and \$20

Part of it is a good fair play of it is a good tailor work and part in the touch that the designer gives. The \$7 and \$15 Suits have some of it, but these \$12 up are full of distinction.

The making of our garments is practically the same as custom work, except that they are ready to wear.

The hand-made collars and hand-worked top holopines give the smart fit and finish that you expect only in custom work as a rule.

Forget all previous notions of "ready-made" clothing and come prepared to get some new ideas when you see the character of the clothes we sell.

Will give you an "eye-opener" as to securing smart, comfortable and long wearing suits at just what it is worth while to pay your tailor as much more.

## Overcoats for Little Men

Our line of Overcoats for the little fellows comprise so many styles that we hardly know which shape to ask to suggest for your boy.

Bring in the little fellow and have him try on the several styles. That's the best way to make a good selection and insure getting just what you want.

We Always Take Pleasure in Showing Our Garments.

## England's Surrender

Sir Mortimer Durand Hurt By Newfoundland Modus Vivendi

**Belief Entertained That His Unexpected Retirement From St. Embury Was Due to Defence of Newfoundland and That There Was a Split With the Liberal Government Over Matter of Real Political Movement.**

Lans, Nov. 10.—(A. P.)—The British government's surrender to the United States in the Newfoundland dispute has been met with a variety of reactions. Sir Mortimer Durand, the British minister in Washington, is believed to have been hurt by the unexpected retirement of Lord St. Ambury, the British minister in St. John's, Newfoundland. It is believed that St. Ambury's retirement was due to his defence of Newfoundland and that there was a split with the Liberal government over the matter of real political movement.

## "Grand Peninsular"

has an all-steel oven.

Steel is more uniform in thickness and radiates heat more quickly than cast iron. For that reason most cast iron ranges have steel oven bottoms.

In my new range—GRAND PENINSULAR—I have gone farther and made the WHOLE OVEN—top, bottom and sides—of STEEL PLATE. That is the reason the "Grand Peninsular" is such a quick, even baker—and saves so much fuel.

I have perfected a perfect system of Ventilation, too. All the vapor and odor of cooking are drawn off—and a constant current of fresh, heated air fills the oven.

There are a number of the best ranges that make the GRAND PENINSULAR the ideal range for Canadian homes.

**A Ventilating Oven that Ventilates.**

There is only one practical way of ventilating a range oven and that way has been adopted in the Pandora—it is actual, positive, working feature and not a mere talking point.

Fresh air is drawn from the outside through small vents into the oven while the odors and cooking fumes are forced by the fresh air out through small vents into the smoke flues, and out the chimney.

Roasts cooked in a Pandora oven retain their sweet, natural flavor, entirely free from cooking odors, absolutely unmixing with any foreign flavor. Fuddings, cakes, bread, meats, etc., are always light, fresh and free from mixed odors or flavors.

In the Pandora range you get all that scientific study, practical experience, skillful workmanship and an immense and finely equipped plant combined, can produce—the highest possible attainment in range perfection.

## Six Persons Were Drowned In Floods Created By Chinoook Wind and Heavy Rain

Two Hundred Square Miles of Territory Are Under Water and Many People Are Homeless - Fertile Farms Turned Into Muddy Torrents - Electric Light and Power Plants Submerged

Seattle, Wash., Nov. 17.-Heavy rainfall on Wednesday, 3.50 inches, in four hours, and a chook wind, which melted snow and ice, caused a flood of water, which was the cause of the heaviest and most disastrous floods in the history of the Puget Sound region. The waters of the White, Green, Cedar, Green, Black, Black and Puget Rivers, under water, flooded 200 square miles of territory. The Indians practically every acre of the Puget Sound region were under water and the flood extending from Seattle to Tacoma.

Power Plant Submerged. The power plant at Everett is submerged and Seattle and Tacoma are without electricity. The power stations for power to move street cars and trams at Everett are also submerged. The land plants, however, have lost strength and are being carried away. All traffic over the Northern Pacific and the Tacoma marine transportation is at a standstill. A week will be required to repair the damage. Some low lands are likely to be covered by small waves and tidal waves. The damage done to fields and farms is estimated to be thousands. Seattle's milk supply comes from the Puget Sound and will be without milk for days.

The Drowned. Six persons are believed to have been drowned. To the north, the Chook, the largest river and railroad track in the district, was cut off at a point. The railroad line by the streams to the north and along the coast to the lumbering industry, where millions of feet of logs and shingles have been carried into the Sound and out to sea. The flood, combined with the high tide, caused the destruction of the boats, which are great tracks of lumber and other goods. The boats were driven from house and village and are scattered to the second, third and many people are homeless. The loss to the Northern Pacific will run nearly \$100,000 and the loss to the district will be a half million.

West Coast. No rain has fallen in the Puget Sound area for nearly four weeks. The overflooded territory is in a deeply depressed state. The water is still in the freshet stage, the feeling throughout the valley and in general is that the world is over.

## Anger Bindery

# An Air of Distinction

A MATTER OF HEALTH

Have you ever noticed how distinguished you feel when you have on, smartly, well-made clothes?

There's a certain tone about good clothes that you feel the minute you put them on and that's what you'll find in our Suits and Overcoats at

\$12, \$15, \$18 and \$20

Part of it is good fabricating of it is good tailor work and part is in the touch that the designer gives.

The **7 and 8 Suits** have some of it, but those from \$12 up are full of distinction.

The making of our fine garments is practically the same as custom work, except that they are ready to wear.

The hand-made collars and hand-worked button-holes give the smart fit and finish that you expect only in custom work of a "ready-made" clothing and some prepared to get some new ideas when you see the character of the clothes we have.

We'll give you an "eye-opener" as to wearing smart clothes and then you can decide for yourself whether it is worth while to pay your tailor as much more.

## Heir To A Million Dying Former Ottawa Man Fatally In- jured in Train Wreck.

Michael P. Lafaty, an unfortunate in Kamloops Train Wreck, on Way to the Capital to Visit His Father  
When Struck Down by Trains Left Him To Battle With The World Till He Became  
Of Age.

Ottawa, Nov. 20.—Michael Patrick Lafaty, formerly of Ottawa, lately employed in a liquor establishment at Spring Hill, is he to be one million dollars, which he was to receive upon the death of his father, who died on Jan. 20, 1905, and was to have been married shortly to his sister, Mrs. Lafaty. The dying man had been a member of the C.P.R. train wreck, near Kamloops, last week. He was on his way to visit his father. The young man had an adventurous career, and having exhausted the funds provided for his education, he had been in the United States for some time, and was now on his way to visit his father. He was on his way to visit his father. He was on his way to visit his father.

Girlhood and Scott's Emulsion are linked together.

The girl who takes Scott's Emulsion has plenty of rich, red blood; she is plump, active and energetic.

The reason is that at a period when a girl's digestion is weak, Scott's Emulsion provides her with powerful nourishment in a disguised form.

It is a food that builds and keeps up a girl's strength.

## Was Asked To Reconsider Premier Asks Mr. Hyman to Remain Minister of Public Works

Speaker Says the Resignation of the Member For London is Not Valid—Budget Speech Next Week—R. L. Dewart Proclaims the New National Policy—Debate On the Address Some-what Bitter.

Ottawa, Nov. 23.—In the House of Commons today, Mr. Hyman was asked by Mr. Dewart whether he had taken his resignation to the Governor-General. The member said the resignation was not valid, and whether he had taken it to the Governor-General was not his business. He said he had taken it to the Governor-General, and that he was still a member of the House.

Mr. Hyman said that he had taken his resignation to the Governor-General, and that he was still a member of the House. ### Sir Wilfrid Admits Impotence to Relieve Northwest.

**Mr. R. L. Borden Suggests Taking Over the Coal Mines and Operating Them to Relieve Suffering and Obviate Death From Famine—Sir Wilfrid Laurier Agrees At This Proposal For Benefit Of the People.**

Ottawa, Nov. 28.—The House yesterday, Mr. Laurier, called attention to the suffering and death in the northwest and the serious coal famine now prevailing in Saskatchewan. He said that the Government was not doing enough to relieve the situation and suggested that the Government should take over the coal mines and operate them to relieve suffering and obviate death from famine. He suggested that the Government should take over the coal mines and operate them to relieve suffering and obviate death from famine. He suggested that the Government should take over the coal mines and operate them to relieve suffering and obviate death from famine.

Mr. Laurier, Minister of Labor, announced that he had received a report from Mr. Arthur Campbell, secretary of the Saskatchewan Coal Miners' Association, that the miners were willing to sell their coal at a price which would enable the Government to take over the mines and operate them to relieve suffering and obviate death from famine. He suggested that the Government should take over the coal mines and operate them to relieve suffering and obviate death from famine.

### Three Killed in Canadian Northern Yards at Winnipeg.

Four Other Men Seriously Injured - One of the Victims Was William Neilligan, One Two Ways Foreigner - Runaway Engine Crashed into Dead Train On Which a Number of Men Were Unloading Supplies.

Winnipeg, Nov. 30.—Three men were killed and four injured in a railway accident yesterday afternoon, in the yards of the Canadian Northern railway. The victims were William Neilligan, one two ways foreigner, and three other men. An engine was being put in motion when it was struck by a freight train, and the engine and train crashed into each other, causing the deaths of the three men. The four injured men are being treated in the hospital.

### PRESIDENT SPENCER KILLED

Three Others in Private Car on Southern Railway System Die in Recent Collision at Lenoir, Va.  
Lenoir, Va., Nov. 29.—President Samuel Spencer of the Southern Railway System, who was on the train, was killed yesterday morning in a fatal collision at Lenoir, Va. Three other men were also killed. The train was carrying a large number of passengers and supplies.

The private car in which he was riding was struck and overturned by a freight train. The collision occurred at a crossing. The bodies of the three men were found near the wreckage. The cause of the accident is being investigated.

The collision was between No. 20, the Jacksonville Limited. The Jacksonville train stopped on the top track of a very busy double main track. The freight train, No. 10, was on the bottom track. The freight train was carrying a large number of supplies.

The collision was a head-on collision. The freight train was carrying a large number of supplies. The Jacksonville train was carrying a large number of passengers. The collision occurred at a crossing.
